

Scandria Alliance roundtable: “Working together for resilient and green transport corridors”

24 May 2023, 10:00–13:00 | Oslo Region European Office
Nordic House, Rue du Luxembourg 3 / 5, 1000 Brussels

The geopolitical world situation and the escalating climate crisis pose huge challenges to all policy fields. The transport sector is challenged in a special way as efforts to make the European transport system greener and more resilient need to be accelerated simultaneously. In this Scandria Alliance roundtable event, high-level speakers and panellists will explore how enhanced cooperation of cities and regions can contribute to tackle these challenges. The event will bring together cities and regions along the ScanMed corridor with the European and macro-regional level.
